# ABOUT US

OKclever: Dual Guardianship—From Operating Table to Your Couch: Pro-Grade Care, Everywhere.

When vets worry about anesthetic risks, and pet parents panic over wound care—OKclever responds: "Professional-grade care for every life stage."

Powered by KELLYUNION's human medical legacy (since 2009), we redefine veterinary standards.

**Veterinary Hospital Line**
• Rapid Lesion Mapping
• Smart Anesthesia Guardian
• Mobile Vital Monitoring
• Stable Surgical Warming

**Home Care Essentials**
• Smart Feedin
• Zero-Stress Care
• Hygiene Solutions
• Globally Certified

**Manufacturer:** No.9,Zhugushi Chunyang Industrial Park,Shenzhen City,Guangdong,China

**Branch:** Room 1505, Building 6, Financial City, Shiji Avenue, Yancheng City, Jiangsu, China

# DRT-40Vet
**Vet Digital Radiography Imaging System**

## Features

- X-Tube CANON Rotating Anode Tube

- X-Tube Focus spot:1.0/2.0mm

- X-Tube Max voltage:125kV

- High Voltage Generator:120/220V 32kW 400mA

- Flat Panel Detector: a-SiTFI CsI Sensor

# TTOL-D5
**Surgical Lamp Mobile Version**

## Features

- Illuminance: ≥40,000-180,000Lux(Adjustable)

- LED Quantity: 6l pcs

- Service Life:> 80,000h

- Colortemperature: 3700~5000K(Adjustable)

- Size of light field:160~280mm

### Optional Lamp Model

# INF-32KW-P-A
**Professional Veterinary Digtal Radiography X-ray System**

## Features

- Anode type: Rotating Anode

- Focal Spot value1.0mm/2.0mm

- Revolving speed of anode2800rpm

- Active Area: 17x17Inch(43cm*43cm),Active Pixel: 2912*2912

- Floating Radiography Table,load-bearing:150KG

# INC-5KW-P
**Veterinary C-arm Xray Machine (With Flat-panel Detector)**

## Features

- Laser localizer and 210mm x 210mm flat penel detector for high-resolution images

- 5 KW Powerful generator,large diameter, lightweight mobile C-arm

- High performance x-ray tube emits X-rays in pulsed mode with modulated power to suit every procedure type

- 34" monitor project real-time video and referenceimages simultaneously

- Foot switch,multi-function hand switch

## KV-A3
**ECG Machine**

### Features

| | |
|---|---|
| Protection against defibrillator effect | |
| Input Circuit | Floating |
| Type | Portable 12 leads ecg touch screen ECG |
| Voltage Tolerance | 500mV |
| Operation Mode | Manual/Auto |

## N20
**Full Digital Laptop Ultrasound Diagnostic System**

### Features

- 15" high-end HD 1024*768 medical grade display
- Display Modes: B, B/B, 4B, B+M, M
- Multiple probe options for a variety of disease screenings
- Removable 6000 mAh lithium battery
- Applicable animals:Cat, dog, pig, goat, sheep, cow, horse, camel, donkey

**Applicable To Animals**

## M10
**Mechanical Fan Scan Ultrasound Scanner**

### Features

- 5.6-inch high-definition screen
- high strength aluminum alloy metal shell
- Permanently store tens of thousands of pictures
- Support external U disk, monitor, printer, etc
- Applicable animals:Dog, pig, goat, sheep

**Applicable To Animals**

## X8
**Full Digital Ultrasound Scanner**

### Features

- 5.7-inch high-definition LCD screen
- 16-clolr handheld ultrasonic all-in-one machine, could adjust different colors
- Five detection modes,suitable for different detection targets of different animals
- Major functions:test pregnance,numbers of births,Uterine disease
- Applicable animals:Cattle,Sheep,Pig,Horse,Camel,Cat,Dog

**Applicable To Animals**

## KV-1600B
**Color Doppler Ultrasound Diagnostic System**

### Features

- Charging mode: wireless

- The effective transmission distance of WiFi connection is not less than 10 m )

- Image flip function

- 8-segment TGC adjustment

- Storage function of DlcoM file

### Application

## BC-401
**Urine Analyzer**

### Features

- Testing Items: GLU, BIL, SG, KET, BLD, PRO, URO, NIT, LEU, VC, PH

- Testing Theory: RGB tricolor

- Repetition: CV<1%

- Stability: CV<1%

- Display: 2.4"color LCD

### Optional Model

## VX2
**Vet dental portable X-ray machine**

### Features

| | |
|---|---|
| Tube voltage/current | 60KV/2.0mA |
| Exposure time | 0.1-1.2s |
| Frequency | 30KHz |
| Distance from focus to skin | 118mm |
| Tube focus point | 0.8mm*0.8mm |

### Operation Interface

## KV-HFC
**Fundus Camera**

### Features

| | |
|---|---|
| Screen | 3.5" full color LCD |
| Field of View | 40° |
| Minimum Pupil | 2.5mm |
| Refractive Compensation | -20D~+20D |
| Resolution | Full HD true 1920 1080 |

## KV-BL50
**Veterinary Slit Lamp**

### Features

| | |
|---|---|
| Eyepiece | 10X and 16X |
| Objective Lens | 1X |
| Diopter Adjustment | ±5D |
| Visual Field | 10mm |
| Working Distance (WD) | 78 mm |

### Optional Model

## KV-VM2
**Vet Handheld Pulse Oximeter**

### Features

Application range Cat/Dog/Horse/Medicine/Surgery/Operating Room

SpO2 Measurement range: 70~99%

Pulse Rate Measure range: 18-300 bpm

Temperature Measure range: 0~50°C

Rechargeable lithium battery,10 hours continuous working

Support multiple languages

## BPM01
**Pet Blood Pressure Monitor**

### Features

| | |
|---|---|
| Number of memory | 2*99 groups |
| Dimensinos | 145 (length) * 106 (width)* 47  (height) mm |
| Screen size | 89*85mm |
| Power supply | Type-C interface |
| Battery | 4*AAA battery |
| WHO | blood pressure classification |

### Accessories

## KV-T310B
**ENT Diagnostic Unit**

### Features

3X Magnification

Direct illumination

LED White/LED Sunlight

Compatible with disposable ear speculums

Larger viewing window/Pneumatic Testing

### Application Scenario

## KV- BR1000A-I
**Veterinary Oximeter**

### Features

- Light weight, easy-to-use

- Pulse rate value, SpO2 value display

- Perfusion index, pulse rate waveform

- Lower consumption and low voltage reminder

- Real-time data transmission to PC and phone, real time storage in app

### Application

## KV-WNKS
**Visual Artificial Insemination Gun**

### eatures

| | |
|---|---|
| Endoscope Probe | 44cm |
| Input | 100-240V AC 50/60HZ 0.15A |
| Output | 5V DC 1000mA |
| Charging | Built-in battery, USB charging |
| Continuous Working Time | 2h |

## KV-WKS
**Vet Insemination Gun**

### Features

| | |
|---|---|
| Display Size | 377mm*247mm |
| Pixel | 5 million, Air passage: 2mm |
| Handle | Total Length 490mm |
| Observation Channel | 2mm |
| One-time Vas Deferens | 66cm |

## M50
**Wired Flat Panel Detector**
### Features

Independent intellectual property rights, multiple patents

High sensitivity, high spatial resolution

Dust resistance and waterproofing, IP54 ingress protection

Automatic Exposure Detection (AED) (standard)

User-friendly design with concealed handles

Lower dose, safer for human body

# Veterinary Diagnostic Kit

## Features

High Sensitivity And High Specificity

Rich variety of pet rapid test

Fast results. Result are ready within 10 minutes.

Easy to use. Simple procedure with few steps.

Little or no special equipment required.

---

# KV-2015
**Dual Tube Stethoscope**

## Features

- Designed for auscultation in general veterinary practise

- Dual tubing, Dual head, Soft eartips

- Total lenght: 74.5 cm, Large diaphragm: 40 mm, Small diaphragm: 26 mm

- Zinc alloy chestpiece and aluminium binaural

- Acoustic sensitive

### Optional Model

Small Diaphragm: 35mm

---

# KV-2025
**Cardiology Stethoscope**

## Features

- Designed to improve auscultation in the low frequency area giving a better evaluation of heart sounds

- Acoustic sensitive

- Dual head, Soft eartips

- Total lenght: 72.5 cm, Large diaphragm: 44 mm

- Stainless steel chestpiece and aluminium binaural

### Optional Model

Small Diaphragm: 30mm

---

# KV-BGM01
**Pet Blood Glucose Meter Kit**

## Features

- Fresh whole blood (capillary, venousarterial) can be used for testing for veterinary clinics

- Test time: 5 seconds

- Measurement range: 10 to 600 mg/dL(0.6~33.3 mmol/L)

- Sample Volume: 0.5uL

- Memory: Up to 300 records with date and time

### Accessories

## KDV-04
**Vet Thermometer**

### Features

| | |
|---|---|
| Measurement range | 32.0~43.9 ° C, 90.0~109.9 ° F |
| Resolution | 0.1 ° C, 0.1 ℉ |
| Accuracy | ± 0.1 ℃ (± 0.2 ℉) |
| Memory storage | Last measured temperature |
| Measurement time | 10/60 seconds |

## KDV-05
**Vet Digital Flexible Thermometer**

### Features

| | |
|---|---|
| Color | Green White/Blue/Customize |
| Accuracy | ±0.1℃ |
| Usage | Zoos, livestock farms |
| Measure Range | 32℃-42.9℃/ 89.6~109.22℉ |
| Battery | Button battery |

#### Application Scenario

## OPC-01
**Digital Thermometer Protection Cover**

### Features

- Convenient: Use once and discard

- Sanitary:Covered thermometer probe reduces chance of cross-contamination

- Multi-purpose: Use for oral or underarm measurements or anus

#### Application Scenario

## KDV-03
**Vet Digital Rigid Thermometer**

### Features

| | |
|---|---|
| Material | Metal, Plastic |
| Measurement Accuracy | 32.00℃~42.99℃(90.00℉~109.90℉) |
| Testing time | 16 Second |
| Accuracy | ±0.1℃ 35.00℃~39.00℃ |
| Battery Type | 2×AAA |

#### 1 Second Test time

## KV-IR206
**Pet Non-contact Infrared Thermometer**

### Features

- Simple Hygienic Temperature Reading

- Calibrated For Dog's Body Temp

- Ultra Fast and Accurate

- High definition LCD display screen

| Measurement range | 89.6°F–109.2°F (32.0°C–42.9°C) |

**Temperature Alarms**

## TC-460
**Veterinary Cone-beam CT**

### Features

- Extremely Fast and Effcient

- Smart Operation

- ow-radiation

- Easy Installation

## M50E-8A
**Veterinary High-power Portable X-ray Generator**

### Features

- 8kW High-frequency generator

- 7-inch large touch screen

- Built-in collimator design

- Applicable in different scenarios

## HF-210V
**Veterinary Warming System**

### Features

- Standard version for vet use: 1pc blanket and 1pc trolley

- Warming up time: < 4mins

- Filter: G4 (EN779) grade

- Dimension：260*325*325mm

- Weight：<6Kg

# Apollo
**2-in-1Vet Laser Therapy and Surgery Device**

# SX80 Vet
**Veterinary Dental X-Ray Machine**

# DTS-280
**Veterinary Dental Workstation**

# A08
**Ultrasonic Scaler**

## Features

- Deep healing can be achieved using touch therapy

- Reduce surface scattering and reflection

- Laser treatment combined with manual massage

- Enables treatment of deep tissue injuries

- Shortens treatment time and reduces pain symptoms

### Application Scenario

## Features

- Ultra high frequency X-ray generator

- Ultra-low radiation dose

- High level of safety protection

- The world's leading ultra-high frequency inverter technology

- Top tube voltage and tube current parameter values

- Tube voltage and tube current can be manually adjusted

## Features

- X-ray shooting

- Integrates cleaning, grinding, polishing, cutting

- Mounting bracket and arms for dental DR

- All-in-one monitor with touch screen

- Vet dental imaging software

## Features

- Teeth cleaning, periodontal treatment, root canal irrigation, automatic water supply

- Equipped with 5 working tips: G1, G2, G4, P1, E1

- Wireless foot control: Yes

- Water type:Bottle

- Handpiece : LED

## HF-620B
### Syringe Pump For Vet Use

## UG-100 Main Unit
### Ultrasonic Scalpel System

## HF-110C
### Veterinary Blood and Infusion Warmer

## HF-710C
### Infusion Pump for Vet Use

### Features

- Syringe size5ml,10ml,20ml,30ml,50/60 ml
- Accuracy≤±2%（±1% mechanical accuracy included）
- Preset Time 1s～99hr59min59s
- Accumulated Volume 0.00-9999.99m
- KVO 0.10 -5.00ml/h adjustable

### Features

- Low operating temperatures, no eschar or carbonization
- Low lateral thermal damage, with five adjustable cutting speeds
- Curved jaw design with larger viewing area
- 360° operating angle,adjustable and flexible
- Stable and reliable,high safety
- Easy to care,compact and lightweight

### Accessories

### Features

| Temperature Setting | 35.0℃~42.0℃,Warming Up |
|---|---|
| Warming Up Time | ≤2min |
| Overheat Protection | 46℃, hardware and software protection |
| Alarm | Overheat, low temperature, system error, door open, warming up alarm |
| Blood and IV Sets | Standard single used PVC blood or IV tubes(diameter:3.4-4.5mm) |
| Heating Way | Long, Middle, short grooves |

### Features

- 10 levels setting for occlusion and air bubble volume
- 3000mAh battery and backup time more than 10hrs.
- Big Screen and numeric keypad
- Occlusion pressure release and restarting function
- Infusion Mode:Volume mode, time mode

![Okclever logo]

## PLVT-01
**Electric Pet Grooming Table**

### Features

| | |
|---|---|
| Lowest height | 25cm |
| Controller | Foot pedal controller |
| Table Top | Water proof fiber table top |
| Hair dryer hooks size | 1250x650x(250-950)mm (length x Width x Height) |

## PLVOT-001
**Electric Pet Operating Table**

### Features

- Table Size: Length 1300mm, Width 600mm, Height 450-1000mm

- Thermostatic control system : Standard

- Load Capacity: 250kg

## HepoIS CT
**Contrast Media Injector**

### Features

- 360° Rotatable Syringe Head

- Plug-and-Play Syringe System

- Dual-flow Injection OptimizesCardiac Imaging

- Simultaneous Contrast/Saline Injection

- Injection Program Optional

- Auto-advance/retract &Auto-priming/venting

## R55
**Self-Contained Air Vacuum Oxygen Concentrator For Anaesthesia**

### Features

- Power consumption 1200W

- Sound Level ≤60db

- Flow Rate 0.5-5L,Purity 93%(±3%)

- Pressure gauge AIR, O2, VAC

- Alarms Low purity, High tempera

THERAPEUTIC EQUIPMENT

THERAPEUTIC EQUIPMENT

## TA100V
**Veterinary Anesthesia Machine**

### Features

- Suitable for anesthesia of cats/dogs/monkeys/pigs and other animals under 100KG

- Operation Mode: Semi-closed,open breathing circuit for option

- Flow Range: 0-4L/min

- APL: 0.2-7.0Kpa

- O2 Flush: 25-75L/min high oxygen flow

**Optional Model 60V/80V**

## KV-W600V
**Veterinary Anesthesia Machine**

### Features

| | |
|---|---|
| Material | Metal Plastic Steel |
| Tidal volume( Manual Mode) | 10~2000ml |
| Gas pressure | 0.25~0.65Mpa |
| APL Valve | 0.5~6.0Kpa |
| OXYGEN Flush | 25~75L/min |

**Application**

## TA-VAMS6
**Veterinary Anesthesia Mask**

### Features

- Applicable to all respiratory anesthesia machines

- Unique adapter: animal anesthesia first aid oxygen inhalation atomization

- Application: dogs, cats, pigs, rabbits, birds, mice, rats and other animals

- International standard interface 15mm/22mm

**Storage Sets**

## TA-VAOS5
**Veterinary Oxygen Mask**

### Features

- Used with most oxygen equipment

- Used with an oxygen compressor

- Used with oxygen transport and rescue systems

- A venting prevents $CO_2$ from building up in the mask

- Multiple sizes to choose

**Storage Sets**

## DD-75T
**Veterinary Electrosurgical Generator**

### Features

- Only 3.5kg Light and Compact

- Power supply Voltage: 110/220VAC

- Maximum Output Power:75W

- Working Frequency: 600kHz (for cutting),
                     300kHz (for coagulation)

- Ambient Temperature: 5~40°C

#### Back View

## UC-1801
**Pet Incubator**

### Features

- illumination Function

- Carbon Dioxide Concentration Monitoring

- System Accurate Temperature Control

- Sterilization Function

- Negative-ion Generation

## KVBO-01
**Veterinary Orthopedic Instruments**

### Features

Material Stainless Steel

Input Voltage 220V 50HZ

Frequency > 13000rpm

Speed (drill) >0-1100rpm

Speed( AO Bone Drill ) >0-1100rpm

#### Storage Sets

## ZYBY5-M04
**5L Oxygen Concentrator**

### Features

- Provide fresh air for the animals during surgery

- Outlet Pressure 0.04-0.07MPA

- Rated Power ≤300W

- Sound Level ≤40db

- Flow Rate 0.5-5L,Purity 93%(±3%)

![Okclever logo]

## KV-TH1
**Anesthesia Ventilator**

### Features

| | |
|---|---|
| Respiration Mode | IPPV, Manual |
| Tidal Volume | 50ml ~ 1600ml |
| Breath Frequency | 1~90BPM |
| Driven Model | Pneumatically Driven and Electrically Controlled |
| Display | High light LED display |

## APNEA
**VET Apnea Sensor**

### Features

- Compact &light weight

- Easy to Use

- Sensitive to Apnea

- To Turn on Automatically

- To Turn off Automatically

#### Application Scenario

## KD-203AY-4
**Headlight with Magnifier**

### Features

- Light source: 3WLED

- Color temperature: 4000~5000K

- Bulb life: ≥50000h

- Illumination: ≥12000Lux

- DC charging time: <5h

## KV-04IAZ
**Veterinary Anesthesia Laryngoscope**

### Features

- The laryngoscope lens is made of 304 medical stainless steel

- Lighter blades make the doctor's operation easier

- Super hardness makes the blade more durable

- Can be sterilized at 134 degrees Celsius.

- Advanced design, beautiful appearance, smooth surface is easy to clean.

#### Package

# KV-WHP600
**Hyperbaric Oxygen Chamber**

## Features

| | |
|---|---|
| Power | 1210W |
| Air Flow | 65-72L/Minute |
| O2 Flow | 0-10L/min adjustable |
| O2 Purity | ≥93% |
| O2 Outlet Pressure | 0.05mPa |

# KVL-01
**Portable Vet Laser Treatment Device**

## Features

- Therapy Applications： PainRelief Cure Knee Arthritis Rheumatoid

- Arthritis and Athletics System Injuries

- Soft Tissue Injuries and Sports Injuries & Sprain

- Wound & Ulcer Acupuncture and Diminish Inflammation

### Optional Color

# Airway-Sure
**ET Cuff Pressure Manometer Airway-Sure**

## Features

- Safe: Real-time detection of the cuff pressure during the whole intubationprocess

- User-friendly: Easily measure the cuff pressure of cuffed airways without operation

- Intuitive: Digital pressure readout marked in different colors

- Reliable: The optimal cuff pressure between 20 and 30 cmH2O is suggestedby the clinical evidence(+/-2 cmH2O accuracy)

- Convenient: Pocket-sized, light-weight,and can stay at the patient's bedside

### Accessories
# TA-ETTSC17S
**Endotracheal Tube with or w/o Cuff**

## Features

- Endotracheal Tube with Cuff/ without Cuff

- Material: PVC

- Anesthesia and breathing circuits: inner diameter 2.0/2.5/3.0/3.5/4.0/4.5/5.0/5.5/6.0/6.5/7.0/7.5/8.0/8.5/9.0/9.5/10.0/10.5/11/12/13mm

### Different Size

## TTCat1
**Cats Tracheal Tube**

### Features

- Avoid the problems caused by ET tubes such as laryngeal and tracheal trauma

- Suitable for small kittens to adult large domestic breeds

- No laryngeal damage/spasms

- No tracheal trauma

- Protects airway from reflux/regurg material

#### Optional Model

## TA-VADGC8G
**Disposable Gas Filter Canister**

### Features

- With PP material, safe and non-toxic

- Built-in filter sponge, offer good sealing and strong filterability

- Better prevent the anesthetic contamination of the operating room to the veterinarian

- 250g and 800g for options(weight of active component)

- Design to absorb anesthesia waste gas such as ISO, HAL, ENF, etc

## KV-P03
**Pet First Aid Kit**

### Features

- Essential & Diverse: Covers wound care, disinfection, and emergency treatment

- Pet-Specific: Tailored for pets with tick removers and alcohol-free wipes

- Compact & Portable: Small, lightweight nylon bag for easy transport

- Sterile & Safe: Sterile gauze and adhesive bandages to minimize irritation

- Emergency Ready: Organized for quick access during urgent situations

#### Accessories

## KV-37
**Mosquito Mask for Hbrses**

### Features

- Material: polyester + nylon fiber

- Product color: black, gray, purple

- Protect your horse from mosquitoes and flies

- Does not affect the sight and eating horse material

- Two ways to wear

#### Application Scenario

THERAPEUTIC EQUIPMENT

THERAPEUTIC EQUIPMENT

Okclever

## KV-17
### Pet knee straps

**Features**

- Eco-friendly material

- Contains infrared heat to keep warm

- Equipped with velcro for maximum adjustability

- Two strands are easily adjustable

- Stretchy, snug fit

**Application Scenario**

## KV-29
### Knee Strap Walker

**Features**

- Assistive support for dogs with leg injuries, fractures, patella dislocations, and surgeries

- Relieves pain due to injury or surgery

- Provides support and stabilization during injury

- Prevents pets from licking leg wounds

- Helps with loss of stability caused by arthritis

**Application Scenario**

## KV-32-1
### Pet Hind Limb Assist Belt

**Features**

- Designed for disabled dogs, middle-aged and elderly dogs.

- Rehabilitation training, stairs assistance

- Various ways to use

- Meet the needs of different environments

- Easy to wear

**Application Scenario**

## KV-S101
### Pet Hind Leg Support Belt

**Features**

- Suitable for backlash, postoperative recovery

- Breathable and comfortable, the pet will not be stuffy and hot to wear for a long time

- Reserved grooves will not affect your pet's urine

- Double fixed with velcro and buckle, will not fall off easily

**Application Scenario**

THERAPEUTIC EQUIPMENT

THERAPEUTIC EQUIPMENT

Okclever

## MM-01
**Mosquito mask for horses**

### Features

- Material: Polyester fiber + nylon fiber

- Product size: Large, small

- Product color: Black, gray, purple

- Features: Does not affect sight, does not affect eating

## SPSA01
**Pet knee straps**

### Features

- PawEase Size: XS, S, M, L

- Supports: 10 elastic supports to better support the dog's legs

- Strap design: elastic strap design,adjustable range is larger

- Feature: the belly wrap lengthened,more friendly to the dog privacy

## SQSL-016
**VetSet Veterinary Gloves**

### Features

- Material : PE/9g

- Size: 90x30cm

- Cuff: open cuff(elasticit/no elasticity)

- Color: Blue/orange/pink or customization

- Packing:10pcs/roll, 10rolls/bag, 10bags/ctn (1000pcs/ctn)

## BS-01
**VetSet Under Bandage Scissors**

### Features

- Size: 14.5cm (also have 18.5/16cm)

- Material: Stainless steel

- color: black or others with silver blade

- Shape: bend shape

- Packing: PP bag

THERAPEUTIC EQUIPMENT

THERAPEUTIC EQUIPMENT

## TA-VA07
**Urinary cat Catheter**

### Features

- side-open 1.0*130mmmm，1.3*130mm

- top-open1.0*130mmmm，1.3*130mm

- with stylet or wihtout stylet

- Material PA

### Storage Sets

## TA-VA08
**Veterinary foley catheter**

### Features

- P100% Silicone, less allergic to animal patients

- Be with stylet for animal pediatric size

- Available size 5Fr, 6Fr, 8Fr, 10Fr

- Sterile by EO gas

### Optional Color

## TA-VA09
**Veterinary iv catheter**

### Features

- 22G 0.8x25(mm) for Large Animal

- 24G 0.7x19(mm)for medium Animal

- 26G 0.6x16(mm)for small Animal

- Three stage needle tube cutting process ensure sharper
### Optional Model

**Type I**    **Type II**    **Type III**

## TA-VA10
**Dog Disposable Vas deferens**

### Features

- Color blue

- Material plastic

- Four size

- Type Canine artificial insemination

### Application Scenario

## TA-VA11
**Veterinary pga surgical suture**

### Features

| Size | 3/8circle6X15 | 3/8circle7X19 | 3/8circle8X24 | 1/2circle5X12 | 1/2circle 7X17 | 1/2circle8X19 |

## TA-VA12
**Urine Bag Vet with Belt**

### Features

- Target Species DOG, CAT

- Size 150ml,300ml,500ml,1000ml

- Color Transparent, White

- Packaging Individual Bag

#### Application Scenario

## R125
**Heat Lamp Bulb**

### Features

- Color Temperature(CCT) Warm Red

- Lamp Body Material Glass

- Lifespan (hours) 5000

- Input Voltage(V) AC 110V/220V ( ± 10%)

#### Application Scenario

## KV-38
**Pet Duckbill Muzzle**

### Features

- Four colors and three sizes

- Applicable Pet Small Animals

- Material Silicone

- Decoration Muzzle

#### Application Scenario

# Okclever

## KV-W1
**Ultraviolet Woods Lamp**

### Features

| | |
|---|---|
| Scope of application | For use in hospitals,clinics |
| Power adapter | AC100-240V 50/60Hz DC5V 2A |
| Internal power | DC3.7V |
| Visual lens diameter | 50mm±5mm |
| Electric shock protection | Type II,internal power supply |

### Application Scenario

## KV-300
**Woods Lamp**

### Features

- UV phototherapy device good assistant, easy to detect skin conditions

- High brightness, observe normally in daytime, and the effect is better in dark environment

- No need preheating, observe and use at any time

- Hand-held operation, fexible observation position

- Small and convenient to carry, observe and monitor the recovery of pigment and skin damage at any time

### Optional Model (without filter)

## RAK-366
**Compressor Nebulizer**

### Features

- Product Size: 210*170*110mm

- Power supply：AC220V+10%，50Hz±1HZ

- Input Power：150VA

- Noise：≤65dB

- Nebulizing Rate：≥0.3mL/min

- Residual Liquid：≤ 0.7mL

- Air Flow：≥8L/min

### Optional

## KV-TZ
**Pet Oxygen Box**

### Features

- Transparent observation window

- Safer installation, folding, and storage

- Top cover with snap-lock design

- Low-noise operation

## KV-10
**Aerochamber**

### Features

| | |
|---|---|
| Specification | 175ml With inhalation one way valve & exhalation valve |
| Spacer Height | 141mm±1mm |
| Spacer Body Diameter | 46mm±1mm |
| Spacer Weight | 46g±1g |

#### Application Scenario

## KV-BC01
**Anti-Bite Collar**

### Features

- Color Transparent,Frosted,any colours

- Usage Small animal Colloar

- Size XS.S.M.L.XL

- Single package size 35X20X5 cm

#### Application Scenario

## PET Self-adhesive Bandage

### Features

| | |
|---|---|
| Material | 95% nonwoven + 5% spandex |
| Glue | Natural latex |
| Elaticity | 180%-210% |
| Color | Pure color |

#### Application Scenario

## KV-43
**Horse foot bandage**

### Features

- Effectively protects the ball joints against ligament strain during strenuous exercise.

- Thickened fleece

- Easy to put on and off

- Fluffy and elastic

- Easy to use

- Length 250cm Width 12cm

#### Application Scenario

THERAPEUTIC EQUIPMENT

THERAPEUTIC EQUIPMENT

# 300101
**Elastic adhesive bandage**

### Features

- High twist, cotton elastic cloth

- Zinc oxide and hot melt latex free based adhesive mixture

- Available in width of 2", 3", 4", length can be made as per request

- Air permeable adhesive to help prevent skin Maceration

- High quality extensible tension for the best compression therapy

# TA-BS5L
**Breathing Bag**

### Features

- Capacity: 23L/18L/16L/12L

- Chamber Size(mm): 23L 245X150mm 18L 245X350mm

- No pungent smell. Softhandle, smooth touching

- 22mm standard connector

- With netand smooth surface, no pinholes and dirt

# TTDC-09IT
**Veterinary Infrared Therapy Cage**

### Features

- Each chamber is equipped with an infrared physiotherapy lamp

- Has good healing effect on wound healing

- Dimensions(L x W x H): 1500*700*1860mm

- Upper cage(L x W x H): 500*700*610mm

- Lower cage(L x W x H): 1500*700*820mm

# TTICU-4V
**Animal Intensive Care Unit**

### Features

- With 4 Controllers

- Dimensions(LxWxH): 1400*890*1910mm

- Upper cage (LxWxH): 700*890*800mm

- Lower cage(LxWxH): 1400*890*1000mm

- 4 chambers combination

## VE5
**Pet Vital Signs Monitor**

## N6 Vet
**Veterinary Monitor**

## KV-BR6200
**Veterinary Monitor**

## KV-S80
**Multi-parameter Veterinary Monitor**

### Features

- Suitable for measuringphysiological parameters

- Suitable for animal

- Audible and visual alarm

- Guard data record playback browsing

- Compact and portable

- Built-in battery or ac power supply

### Features

- Anti-glare screen，Auto screen rotation

- Continuous monitoring ofEcG(3- Leadwire), SpO2, NIBP , PR/RR ,TEMP

- Continuous work +5 hours(support power bank to extend using time)

- Fits in the palm of your hand

- High resolution color touchscreen

- Internal temperature monitoring

### Features

- One key operation

- Portable and light weight

- APP for Android and IOS

- Easy to operate with type-c connector

- Rechargeable battery and wireless charging

- Multi-function for SpO2, HR, Temp, ECG, RR and NIBP

#### Accessories

| SpO2 Sensor | ECG & Temp Cable | Type-C Charging Cable |
| --- | --- | --- |

| Reusable NIBP Cuff | ECG Electrode Clip | Disposable NIBP Cuff |
| --- | --- | --- |

### Features

- 10.1inch HD Touch Screen

- Interference protection

- Manual, Automatic and Continuous modes

- Standard Parameters: SpO2,NIBP,ECG,PR,TEMP,RESP

- Optional Parameters: 2-TEMP, Side(Micro)Stream EtCO2, MainStream EtCO2,Masimo SpO2, HL7,WIFI

#### Optional Model S90 Vet

12.4inch

## CA10M
**Etco2 Monitor**

## EZ Breath Sure
**LED Apnea Monitor**

## KV-X100
**Vet (Handheld Monitor)**

## 300G VET
**3 Channel Electrocardiograph**

### Features

- End-tidal CO2 Measurement range 0 ~150mmHg

- Respiration rate 2rpm~150rbpm

- Preheat time 15S

- Alarm sound pressure level 50dB

- Working Hour 4h

### Features

- Apnea Monitor with Visible Display

- Large-capacity battery, long working time for 40 hours

- Built-in Lithium battery, Type-Cinterface charging

- LED digital displays respiratory rate and alarm

- Available to measure respiratoryrate, Apnea alarm, Exceed-limit alarm

#### Optional Color

### Features

- Ergonomic design for point of care

- Suitable from big to small animal

- High resolution 3.5." color LCD display

- Selectable working modes: spot check and continuous monitoring

- Classic SpO2/TEMP/NIBP measurement availble

#### Accessories

### Features

- 3.5 inch TFT Screen

- Specific animal software

- Unique animal ECG accessories for different species

- Printing paper: 80mm*20M

- Dimension: L315*W215*H77mm

#### Application

# Okclever

## KV-06
### Pet Pads

### Features

| | |
|---|---|
| Material | Nonwoven Top Sheet; Tissue Paper;Wood Pulp+Sap; Pe Film Back Sheet With Four Stickers |
| Size | 33*45cm/60*45cm/ 60*60cm/ 60*90cm/Customized |
| Color | Blue, Pink, Green or Customized |
| Main Products | Adult Diaper;Pants Diaper; Sanitary Napkin; Under Pad; etc |

### Application Scenario

---

## VPM-01
### Vacuum Positioning Mat

### Features

- Exterior made of polyurethane material, durable and easy to clean
- Radiation permeable, suitable for ultrasound, DR, CT and MRI, surgery
- Perfectly adapts to the pet's position on demand, especially for non-routine surgeries such as ophthalmology
- Quick inflation in 10 seconds, maintains pressure for over 72 hours

### Application Scenario

---

## HPP30
### Far Infrared Ray Pet Heating Pad

### Features

- Temperature range 25-45 degrees, PVC flame retardant waterproof material.
- Timing 6 gears temperature adjustment
- Anti-bite material is safe for naughty pets
- Low temperature soft heat
- 5MM unique insulation layer to prevent heat loss downwar

### Application Scenario

---

## KV-045
### Pet finger toothbrush

### Features

- Estimate Size：2.5*2.5*5CM
- MATERIAL：Food grade silicone
- PACKAGE：1pc/opp bag

### Optional Color

Okclever

## KV-7628B
**Vet Scale**

### Features

| | |
|---|---|
| Size | 510*1120mm |
| Accuracy Class | Ⅲ |
| Display | 6-digit 20mm LCD with backlight |
| Work Environment | -10℃~+40℃ ≤ 85%RH |
| Power Supply | 3*AA batteries or DC6V adapter |

#### Optional Model

## KV-02
**Pet Medicine Feeder**

### Features

- Product material: edible silicone + environmental protection plastic material

- Product color: red, blue, green

- Product specification: 15*16cm

- Supplied with open and non-open hose

- Syringe is made of ABS material Transparent

#### Application Scenario

## KV-S01
**Veterinary skin stapler**

### Features

- Contains 35 wide medical grade stainless steel staples

- Staple size: L 7.5mm, W 4.5mm, Dia: 060mm

- Unique ratchet system to prevent jamming

- Ergonomic, user friendly design

- Staple Remover Included

#### Accessories

## KV-7021
**4 in 1 Pet Grooming kit IPX7**

### Features

- Whole-Body Waterproof IPX7

- Stainless blade & ceramic blade

- Rechargeable Ni-MH battery 2.4V 600mAh*2

- Working time: around 1 hour

- Charging time: around 5 hours

#### Optional Heads
